FLUID POWER SOCIETY OF INDIA®

Fluid Power Society of India (FPSI) is a non-profit professional body committed to promoting Fluid Power knowledge and technology in the country. The vision of FPSI is "To be a dynamic Professional Society striving continuously for excellence in Education, Research and Technological service, by facilitating an effective connection between professionals in the field of Fluid Power".

FPSI has a long-term objective to "Make India one of the Top 5 Manufacturing Hubs in the world for Fluid Power Products and Services". Today, its services are available to a massive network of 3500+ members including industrial / institutional members spread across the Indian sub-continent. Besides the Registered office in Bengaluru, FPSI has chapters in Chennai, Pune, & Coimbatore.

Confederation of Indian Industry

Confederation of Indian Industry (CII) is a non-government, not-for-profit, industry-led, and industry-managed organization, with about 9100 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 288 national and regional sectoral industry bodies.

For 125 years, CII has been working on shaping India's development journey and, this year, more than ever before, it will continue to proactively transform Indian industry's engagement in national development.
